

Dear Customer,

Aquafil SpA hereby declares that all the products supplied to your company are in compliance with the requirements of the **European Regulations n. 1907/2006 (REACH) and n. 1272/2008 (CLP)**, according to their specific timing and procedures.

For this purpose, we assure to have pre-registered and registered the substances of our own pertinence in accordance with the deadlines set out in the Regulation.

As downstream user of substances and/or mixtures, Aquafil Spa has regular contacts with its upstream suppliers, to ensure that they have, in turn, fulfilled all the obligations established, implementing the relative checks.

Aquafil Spa will continue to ensure the registration obligations for any new products supplied to the customers.

We undertake to promptly inform you about the presence beyond the threshold of 0,1% w/w in our products of any SVHC substance included in the Candidate List, periodically updated by ECHA always available at the site <https://echa.europa.eu/candidate-list-table>

Yours sincerely
