The Unopted Rights will be offered on Euronext Milan, organized and managed by Borsa Italiana S.p.A. ("**Euronext Milan**"), STAR segment, with ISIN code IT0005620817

The exercise of the Unopted Rights purchased in the Stock Exchange Offer and, consequently, the subscription of the New Ordinary Shares has to be carried out, under penalty of forfeiture, through the authorized intermediaries participating in the centralized management system of Monte Titoli S.p.A.: (i) no later than December 10, 2024, with the same value date, in the event that the Market Offer closes early following the full sale of the Unopted Rights in the session of December 9, 2024, or (ii) no later than December 11, 2024, with the same value date, in the event that the Unopted Rights are not fully sold in the first session and the Market Offer closes on December 10, 2024.

The New Ordinary Shares subscribed by the end of the Market Offering will be credited to the accounts of intermediaries participating in the centralized management system managed by Monte Titoli S.p.A. and at the end of the accounting day of the last day of exercise of the Unopted Rights with availability on the same date.

Aquafil is a pioneer in the circular economy also thanks to the ECONYL® regeneration system, an innovative and sustainable process able to create new products from waste and give life to an endless cycle. The nylon waste is collected in locations all over the world and includes industrial waste but also products – such as fishing nets and rugs – that have reached the end of their useful life. Such waste is processed to obtain a raw material – caprolactam – with the same chemical and performance characteristics as those from fossil sources. The polymers

produced from ECONYL® caprolactam are distributed to the Group's production plants, where they are transformed into yarn for rugs carpet flooring and for clothing.

Founded in 1965, Aquafil is one of the main producers of nylon in Italy and worldwide. The Group is present on three different continents, employing about 2,400 people at 19 production sites located in Italy, Slovenia, Unites States, China, Croatia, Chile, Thailand and Japan.
